The “Best Smiles” Shine at the Sports Day

On May 27 (Sat.), under the slogan "Run through, all-out effort, show a step toward growth," the children held the Sports Day they had been eagerly awaiting.

The children gave it their all, and the Sports Day was filled with smiles. We were especially impressed by the efforts of the 6th graders, who played a central role in leading the entire event, and the 1st graders, who were excited to enjoy their first field day.

In the afternoon, for the first time in several years, a "Community Sports Day" was held, and the community, parents, and children had a great time together. We would like to express our sincere thanks to all the board members, parents and community members. We look forward to your continued support and cooperation.

On June 9 (F), a joint class was held between students from Yoshikawa Elementary School, Yamato Elementary School, and our school (3rd and 4th). The children had previously had the opportunity to introduce their favorite foods and other topics online on the previous Thursday, but the children were very lively and full of smiles when they actually exchanged words and interacted with each other face-to-face.

The fourth graders had a math class. In the discussion and thinking together, the students seemed to be deepening their learning while getting along with their friends who were working together for the first time. In their final reflections, some of the students said, "It was good to understand what we learned." "I enjoyed it very much," were some of the comments made by the students. In two years' time, they will be learning together in the 6th grade classroom. We will cherish these opportunities to promote cooperative educational activities.

The third Sunday of every month is Family Day.

On Family Day, have dinner together as a family.
