~ A Presentation Created By Everyone With a United Heart ! ~

On November 11 (Sat), the school festival was held. This year, under the slogan "A Presentation that Leaves Growth in the Hearts and Minds of the Audience". Each child had a goal and practiced hard to achieve it. The children's performances showed their satisfaction of having accomplished their goals. The presentation that they created together with their peers must have been a memorable one.

The warm applause from the parents must have brought joy and confidence to the children. Thank you very much for your willingness to help clean up after the presentation.

~Towards a Personal Best Track & Field Meet~

Under clear autumn skies, the town's track & Field Meet was held at the Kamogawa Sports Park. This year, with the support of parents and guardians the children were able to show the results of their practice. They had been working hard during PE and after-school hours. This led to their best effort in the final competition. Thank you to all the parents and guardians who came to support us.
